Presentations are communication tools that can be used as demonstrations, lectures, speeches, reports, and more. It is mostly presented before an audience.

How to stay safe

The virus has no vaccine yet, so avoid being exposed to it by following these rules.

Use soap and water for at least 20 seconds. If this isn't possible, you may use a hand sanitizer containing at least 60% alcohol.

Avoid close contact with people by staying at home or maintaining a distance of at least 6 feet from people around you.

Wear a mask. Cover your mouth and nose with a cloth when you are around others.

Cover your mouth when coughing and sneezing. Throw away used tissues and wash your hands immediately.

Regularly clean and disinfect your surroundings.

Number of cases in
countries on lockdown

16,872

Number of cases in countries
without lockdown

162,872

- Clean frequently touched surfaces.

Presentations are communication tools that can be used as demonstrations, lectures, speeches, reports, and more.
